

STATINTL

18 June 1953

Reference is made to our letter of 22 May 1953, regarding your possible employment with this Agency.

Since we did not hear from you in response to our suggestion that you come in for an interview in our Agency, we are wondering if you are still interested in being considered for employment here, and whether or not you will ever find it convenient to make the trip.

If we do not hear from you within fifteen days, we shall assume that you are no longer interested in the possibility of employment with us.

Very truly yours,

STATINTL
